I have worked very closely with PCR pretty much the entire time I have resided in UnAlaska. I am a patron, have taught classes there, have a child who attends PCR programming, and am very interested in getting involved on a deeper level. I think I will be a good representative of parents with children in the 0-4 age bracket and patrons (especially women) interested in fitness programming. My family and friends also regularly attend all the parks in this community.

I am currently a student through UAS, majoring in Business Management with double emphasis in accounting and marketing. I am current in CPR/First Aide, and am current in my Fitness Certification.
