## NEWS RELEASE

**Monday, August 3, 2020, 2:00pm, News Release no. 112**

### **Coronavirus COVID-19**

**LOCAL RISK FACTOR: Medium**

**UNALASKA COVID-19 CASE COUNT:** No new local cases to report.

COVID-19 tests performed locally	1,197
Cumulative positive persons tested locally	97

**STATE OF ALASKA COVID-19 CASE COUNT (Alaska Residents)** as reported on the State DHSS Coronavirus response hub: <https://coronavirus-response-alaska-dhss.hub.arcgis.com/>:

Cumulative Cases	3,341
Active Cases	2,370
Unalaska Resident Cases	5
Recovered Cases	946
Cumulative Hospitalizations	135
Deaths	25

Reported today is an increase of 351 new resident cases in the State since Friday's news release.

In addition to the statistics provided above for Alaska residents, there are 723 confirmed cases of COVID-19 detected in non-residents within the state, an increase of 36 from Friday.

**KEEP UP WITH YOUR COVID PRETECTIVE MEASURES!** Due to a substantial rise in cases of COVID-19, other Alaska communities (such as Anchorage and Seward) are enacting increased restrictions on bars and restaurants and limited capacity for gatherings. We don't want to see this again in Unalaska, so everyone is strongly encouraged to keep up with your COVID protective measures:

- Wash Your Hands Frequently
- Don't Touch Your Face
- Clean & Disinfect Surfaces Daily
- Wear Face Covering in Public (required in businesses)
- Cover Coughs and Sneezes
- Keep 6 feet from Other People
- Keep Your Social Circle Small
- Avoid: large gatherings; being in enclosed spaces with others; long interactions with non-household members; being around forceful exhalations like yelling and singing
- No Close Contact with Sick Persons
- Watch for Symptoms & Get Tested if you Develop Symptoms
