## NEWS RELEASE

**Wednesday, November 18, 2020, 4:00pm, News Release no. 159**

### **Coronavirus COVID-19**

**LOCAL RISK FACTOR: Medium**

**UNALASKA COVID-19 CASE COUNT:** No new cases to report!

COVID-19 tests performed locally	3,389
Cumulative positive persons tested locally	107
Current active cases	0

**STATE OF ALASKA CASE COUNT:** Source <https://coronavirus-response-alaska-dhss.hub.arcgis.com/>

STATEWIDE STATISTICS	Resident	Non-Resident	Total
Cumulative Cases	24,419	1,169	25,588
Cumulative Hospitalizations	573	11	584
Deaths Statewide	99	1	100
State's Case Count for Unalaska	8	92	100

**CHANGES TO STATE DHSS COVID DATA HUB:** Due to the increase in cases statewide, certain areas of data entry are lagging far behind real-time and DHSS is not able to update cases with the date the individuals are released from isolation. Staffing capacity limits their ability to follow-up and verify the recovery status of each person. Therefore, the data points for "active" and "recovered cases" have been removed from the data hub, and will no longer be included in Unalaska's news releases.

**GOVERNOR'S COVID-19 OUTBREAK HEALTH ORDERS:** Along with the Governor's renewed Declaration of Emergency due to coronavirus, there are several new COVID-19 Outbreak Health Orders, which replace the previous mandates. Find them here: <https://covid19.alaska.gov/health-order/>

The requirements for travel into the State of Alaska are here: <https://covid19.alaska.gov/travelers/>

Unalaska's local COVID-19 Mandate is still in effect and requires the wearing of face coverings when visiting local businesses and a 14-day period of self-quarantine and symptom monitoring for anyone arriving in Unalaska.
