NEWS RELEASE

Monday, September 20, 2021, 11:30pm, News Release no. 239

Coronavirus COVID-19

UNALASKA COVID-19 CASE COUNT: Reporting 12 new cases of COVID-19 since Friday, September 17.

Current Active Cases -----47

Industry-Quarantined-----20

Community -----27

LOCAL RISK FACTOR: SUBSTANTIAL

Due to the increase of positive test results in Unalaska's community members, the Local Risk Factor has increased to SUBSTANTIAL (the 3rd level in the 4-level plan); and will remain there for a period of two weeks pursuant to the Emergency Response Plan. After two weeks, the Local Risk Factor will be reevaluated.

WASTEWATER TESTING: COVID-19 signal in Unalaska's wastewater stream has increased.

ANCHORAGE HOSPITALS: Anchorage hospitals continue in crisis mode, rationing care due to a surge of COVID-19 patients and staff shortages.

FACE COVERINGS: Face coverings are still required in businesses, organizations and in taxicabs in Unalaska.

CITY OF UNALASKA FACILITIES: Starting tomorrow and continuing while we are at the Substantial Local Risk Factor, City of Unalaska facilities normally open to the public will be available by appointment only. Visit the data hub for a list of facility contact information and hours.

UNALASKA COVID DATA HUB: The Unalaska COVID data hub will be updated daily while we are at the Substantial Local Risk Factor: <https://covid19-response-unalaska.hub.arcgis.com/>.
