NEWS RELEASE

Monday, October 4, 2021, 3:30pm, News Release no. 241

Coronavirus COVID-19

LOCAL RISK FACTOR: MODERATE

Due to the reduction of active cases of COVID-19 in Unalaska and the downward trend of COVID signal in the wastewater stream, the local risk factor has been reduced to moderate.

UNALASKA COVID-19 CASE COUNT:

New Cases since Friday, Oct. 1----- 1

Current Active Cases ----- 11

Industry-Quarantined ----- 0

Community-----11

STATE OF ALASKA: Cases of COVID-19 are continuing to surge across the State of Alaska. Twenty hospitals statewide are under "crisis" standards of care. The statewide Alert Level is High, as are all areas of the state including the Aleutians West Census Area and the Municipality of Anchorage.

STATEWIDE STATISTICS	
Cumulative Cases since March 2020	113,037
New cases in last 7 days	6,099
Deaths Statewide since March 2020	558

DHSS Data Hub: <https://alaska-coronavirus-vaccine-outreach-alaska-dhss.hub.arcgis.com/>

COMMUNITY-WIDE PROTECTIVE MEASURES: The City Council will consider the next round of local protective measures at their meeting on Tuesday, October 12. The current resolution remains in effect, meaning face coverings are still required in businesses, organizations and in taxicabs. All other protective measures remain advisories (protective measures encouraged, not ordered).

UNALASKA COVID DATA HUB: The Unalaska COVID data hub will be updated three times per week, Monday/Wednesday/Friday, while we are at the Moderate Local Risk Factor: <https://covid19-response-unalaska.hub.arcgis.com/>.

ACCESS TO CITY FACILITIES: Starting tomorrow, PCR facilities (Community Center, Aquatic Center and Library) will no longer require reservations or have capacity limitations. Other city facilities normally open to the public will reopen. Later today, the "City Facility Status" tab of the data hub will be updated with current information.
