It is important to understand the potential risks and how to protect yourself and your family, while reducing the spread of COVID-19. Generally, the more closely you interact with others and the longer that interaction, the higher the risk of spreading COVID-19. Everyone is encouraged to visit the CDC website for further information on risks and prevention measures at <https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/deciding-to-go-out.html>. If you do go out, bring your face covering, tissues and 60% alcohol hand sanitizer!
