

CITY OF UNALASKA
RESALE CODES FOR SALES TAX EXEMPTIONS

Please review the list below and select no more than three categories of items that your business purchases for resale in Unalaska. Items eligible for exemption must either be purchased for resale to a consumer who pays Unalaska Sales Tax on the sale, or be a **component** part of a manufacturing, repair or construction process which will remain a permanent part of a final product sold to a consumer who pays Unalaska Sales Tax on the sale. See UCO 6.40.010(F) for a complete definition of "Sale For Resale".
