eBooks and audiobooks for
Android

You can use OverDrive's mobile app to borrow, read, and listen to library eBooks and audiobooks on your Android device.

Step 1

Download our app, OverDrive Media Console (OMC), from the Google Play Store or

omc.overdrive.com

ANDROID APP ON Google play

Step 2

In OMC, tap the 📱 icon (or go to Menu > Get Books), then tap ⊕ to find and open your OverDrive library website.

- Tap the star to save your OverDrive library website to your library list.
- Tap your library's name to start browsing.

Step 3

Log into your OverDrive library website with your library card and borrow a book.

Step 4

Find borrowed books on the **Bookshelf** under your library account. You can:

- Tap **Read** to open OverDrive Read eBooks right in your browser.
- Download EPUB eBooks* and MP3 audiobooks to the bookshelf in OMC.
- Download Kindle Book format to a Kindle or Kindle reading app.

*Note: To read eBooks in OMC, follow the prompts to authorize your device with an Adobe ID. It's a one-time, free process that takes just moments to complete.
