

Trip report

Juneau/SWAMC Feb/Mar 2022

Councilman Thomas Bell

I, along with Mayor Tutiakoff, Vice Mayor Robinson, Councilman Tungul and City Manager Reinders traveled to Juneau. We met with representatives from AK DOT, district representatives, governor's staff, and various members of the finance committee. We had many productive meetings talking about the City of Unalaska's priorities and how those benefit the state as a whole. Those priorities included air travel, Alaska Marine Highway, Geothermal and Unalaska as a global port.

Because the timing worked out I was also able to attend SWAMC and meet people from other South West Alaska communities and learn about how the organization can benefit our region.
