NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL:

1. **Governor Mandates.** Everyone in the City must follow all health mandates issued by Governor Dunleavy, the Alaska Department of Health and Social Services (DHSS), and the Centers for Disease Control (CDC).

2. **CDC Guidance.** It is strongly recommended, in accordance with CDC guidance, that certain individuals within the City should take even greater precautions:

- a. Anyone particularly at-risk from COVID-19 should reduce exposure by staying at home, not physically going to work, and not doing their own shopping if possible. People particularly at risk of complications from COVID-19 include those 60 years and older and individuals of any age with a serious underlying medical condition. Household members of those who are at elevated risk should implement these more stringent guidelines as well, to the extent possible.
- b. Anyone more likely to be contagious with COVID-19 should not leave home except to obtain medical care or to get fresh air. People who are more likely to be contagious include individuals exhibiting symptoms of COVID-19, including coughing, shortness of breath, and fever.

3. **Social Distancing.** Everyone currently in the City of Unalaska (the "City") has the personal responsibility to limit the number of contacts with individuals outside their household. Limited activity outside of the residence is recommended. When leaving their residence, individuals should continue to follow state mandates and maintain social distancing of at least six feet from any person outside their household, whenever possible. Individuals are also encouraged to practice recommended hygiene, including regular hand washing.

4. **Face Coverings.** All customers and visitors of businesses and organizations that are open and operating must wear face masks covering their nose and mouth to provide additional protection for employees and customers. The face coverings need not be medical-grade masks or N95 respirators, but can be cloth face coverings. Face masks may be temporarily removed as necessary and incidental to utilizing the business or service.

A cloth face covering is a material that covers the nose and mouth. It can be secured to the head with ties or straps or simply wrapped around the lower face. It can be made of a variety of materials, such as cotton, silk, or linen. A cloth face covering may be factory-made or sewn by hand, or can be improvised from household items such as scarfs, T-shirts, sweatshirts or towels.

A business owner or operator may refuse admission or service to any individual who fails to wear face coverings as required by this resolution.

5. **Traveler Quarantine.** A person traveling into the City of Unalaska by vessel or airplane must self-quarantine for 14 days upon arriving at their destination and monitor for symptoms of illness. During travel and following the quarantine period, adherence to CDC guidance, State of Alaska mandates, and local orders or resolutions is required. This includes appropriate social distancing measures and adherence to face covering requirements. People traveling for critical business purposes are required to follow all State of Alaska health mandates including complying with their approved state plans.

- a. Critical workforce employees must self-quarantine immediately upon arrival unless their employer has filed the required protocol with the City as required at paragraph 6.
- b. All workers under the critical workforce exception are required to self-quarantine during non-work hours within the 14 day time period.
- c. Patients or travelers whose final destination is not Unalaska/Dutch Harbor are required to self-quarantine during their stopover in Unalaska/Dutch Harbor, but not remain here for the entire 14 day time period.

- 4) Comply with all rules or protocols related to your quarantine as set forth by your hotel or rented lodging.
- 5) If you are required to self-quarantine and there are other individuals in your residence, hotel room, or rented lodging, you are required to comply with social distancing guidelines, sanitize regularly touched surfaces, and follow CDC best practices for hand washing.

6. Essential Business/Critical Infrastructure State Protocols. Businesses identified as “essential” or as “critical infrastructure workforce” and operating in the City shall submit all protocols or plans required by State of Alaska Health Mandates to the Unalaska Department of Public Safety. These plans are to be submitted as soon as possible after filing these protocols or plans with the State of Alaska and regardless of whether the State review of those protocols or plans has been completed. Businesses shall also provide the City confirmation of the State’s approval of its plan or protocol no more than three days after receiving such approval. In the event a business plan or protocol requires amendment or is rejected by the State, the business submitting that plan or protocol must notify the City no more than 48 hours after receiving the State’s notification of deficiency. Such businesses shall submit their plans, protocols, or relevant notifications to the City of Unalaska by email to COVID19PLANS@ci.unalaska.ak.us.

7. Business COVID-19 Protection Measures and Protocols. All businesses open and operating within the City shall comply with all relevant State of Alaska Health Mandates. All businesses not required to submit protocols to the State in accordance with the Governor’s Mandates, but still serving members of the public at a physical location within the City, shall post “COVID-19 Protection Measures and Procedures” on all entrances to and exits from the business. The “COVID-19 Protection Measures and Procedures” shall include, at minimum:

- a. A brief statement identifying the essential service or critical infrastructure operation permitting the business to continue operations under the “State of Alaska Essential Businesses and Critical Infrastructure Workforce Order” or that portion of Health Mandate 16 that permits the business to be open.

- c. The social distancing measures taken by the business to prevent the spread of COVID-19.

- f. Clearly state that any person with symptoms consistent with COVID-19 may not enter the premises.
- g. Shuttles, van services and taxis shall clearly state that the total number of passengers shall be limited to three.

A “business” for purposes of this rule does not include state, federal or municipal government operations or facilities.

MEMORANDUM TO COUNCIL

To: Mayor and City Council Members
From: Erin Reinders, City Manager
Date: April 28, 2020
Re: Resolution 2020-34, continuing measures to protect public health

PREVIOUS COUNCIL ACTION: Council approved Resolution 2020-17 on March 24, 2020. The focus of Resolution 2020-17 was on hunkering down, traveler quarantine and the closure of non-essential business. The resolution expired April 15. The date was set so that Council could reconsider the action at the April 14 Council Meeting.

Council approved Resolution 2020-19 on April 14, extending and clarifying the orders outlined in Resolution 2020-17, and instituted additional measures protecting the public health. The resolution expired April 29, 2020. The date was set so that Council could reconsider the action at the April 28 Council Meeting.

Council approved Resolution 2020-25 on April 28, extending the orders in Resolution 2020-19. This resolution expires May 13, 2020. The date was set so that Council could reconsider the action at the May 12 Council Meeting.

BACKGROUND: The nation, State and our City are in a state of emergency and in the midst of a public health crisis. New and updated State Mandates are coming out on a regular basis. Our EOC is striving to streamline this as much as possible while still addressing the unique needs of our local community. Therefore, Resolution 2020-34 was prepared for Council and emergency orders address what will be different locally from statewide mandates or additional protective measures specific to our community.

DISCUSSION: The EOC has updated its risk thresholds and guidelines for social distancing measures. These have been included in your packets. Resolution 2020-34 has been developed as a result of our current situation, these updated guidelines, and with the support of the Clinic and the City Attorney. We are currently at MEDIUM risk level under the revised thresholds. The resolution is set expire June 10 but may be amended as necessary. This extended period will hopefully allow for more predictability for the community and our businesses.

I acknowledge that there is also consideration that must be given to cruise ships and ferry passengers. These issues may be addressed in a stand-alone resolution as council deems fit.

There is one key change from Resolution 2020-25 to 2020-34. The Hunker Down requirement has been replaced with a paragraph on Social Distancing. It is important to note that if the EOC determines we have gone into the HIGH risk level, I or the Council would be able take action to issue Hunker Down orders and require the closure of non-essential business in response. This is would all be done in accordance with our updated guidelines and thresholds.

The following items from previous resolutions remain in Resolution 2020-34, with the revisions noted:

- **Face Coverings** - Customers and visitors of businesses must wear a covering over their noses and mouth (*no change*).
- **14 Day Traveler Quarantine** - Individuals traveling into the City by vessel or airplane must self-quarantine, with limited exceptions (*minor revisions made for increased clarification and guidance*).
- **State Approved Plan Submittal** - Business that are required to submit plans to the State, must submit those to the City (*no change*).
- **Protective Protocols** - All business not required to submit plans to the State, must develop basic measures to protect the public health and post them on their doors (*no change*).

ALTERNATIVES: Council may choose to approve, amend or disapprove this resolution.

Should Council wish to include a **Hunker Down** requirement and not replace it with the **Social Distancing** recommendation as Resolution 2020-34 currently states, potential replacement wording is provided below:

~~3. **Social Distancing.** Everyone currently in the City of Unalaska (the "City") has the personal responsibility to limit the number of contacts with individuals outside their household. Limited activity outside of the residence is recommended. When leaving their residence, individuals should continue to follow state mandates and maintain social distancing of at least six feet from any person outside their household, whenever possible. Individuals are also encouraged to practice recommended hygiene, including regular hand washing.~~

3. **Hunker Down.** Everyone currently in the City of Unalaska (the "City") has the personal responsibility to limit the number of contacts with individuals outside their household. Everyone in the City shall stay at home as much as possible and limit activity outside of the residence, except:

- a. to work at or visit an open business;
- b. to buy, sell or deliver groceries or other important goods;
- c. to receive or provide health care; and
- d. to get fresh air without contacting others.

On the limited occasions when individuals leave home, they should maintain social distancing of at least six feet from any person outside their household, whenever possible. Individuals are also encouraged to practice recommended hygiene, including regular hand washing.

FINANCIAL IMPLICATIONS: Unknown at this time.

LEGAL: This resolution was drafted in close collaboration with the City Attorney.

STAFF RECOMMENDATION: Staff recommends approval.

PROPOSED MOTION: I move to approve Resolution 2020-34.
