Residential units that are also used for commercial purposes shall be metered and charged in accordance with Schedule B.

Residential Unmetered			
Effective 7/1/2021 6.7% Increase Per Unit Per Month	Effective 7/1/2022 6.2% Increase Per Unit Per Month	Effective 7/1/2023 5.9% Increase Per Unit Per Month	Effective 7/1/2024 5.5% Increase Per Unit Per Month

## SCHEDULE B METERED COMMERCIAL SEWER SERVICE

Any service that does not fall into the residential category as defined in Schedule A above or into the industrial category as defined in Schedule C below shall be classified as a commercial service. Commercial sewer service charges are made up of both a fixed service charge and a usage charge. The usage component is based on a volume rate per 1,000 gallons of metered water consumption. The total monthly bill for metered commercial services is comprised of the fixed service charge and volume charge components as detailed below:

Metered Commercial				
	Effective 7/1/2021 6.7% Increase	Effective 7/1/202 <del>1</del> <sup>2</sup> 6.2% Increase	Effective 7/1/202 <del>3</del> <sup>4</sup> 5.9% Increase	Effective 7/1/202 <del>4</del> <sup>5</sup> 5.5% Increase

Volume Charge Per 1,000 Gallons	\$18.97	\$20.16	\$21.34	\$22.52

Monthly billings may be adjusted for a commercial service that consumes more than 50,000 gallons of water per month that is not returned to the sewer system. To obtain an adjustment, the customer must petition the City, separately meter water usage not entering the sewer system, and demonstrate that the separately metered water will not enter the sewer system. Upon review and approval, the City will deduct the volume of separately metered water which is not returned to the sewer system from the total metered consumption prior to calculation of the volume charge each month.

## SCHEDULE A LANDFILL MAINTENANCE FEE

The monthly landfill maintenance fee applies to all metered and non-metered utility locations and any other person or organization that receives landfill services or deposits waste in the landfill. Multi residential unit services will receive maintenance fee charges in accordance with the number of units. This fee is included on each customer’s monthly utility bill. In the event a landfill customer does not receive a utility bill, this fee will be assessed at the landfill and billed on a monthly basis.

## SCHEDULE B TIPPING FEE/MINIMUM FEE

The tipping fee applies to all landfill customers other than residential customers depositing their own household refuse and applies to such customers in addition to the landfill maintenance fee in Schedule A above. Such customers will be charged the tipping fee or the minimum fee whichever is greater. If scales are operational at the landfill, the tipping fee will be based on the following rate per ton; otherwise, the rate per cubic yard will apply. Tipping and minimum fees will be assessed at the landfill by the operator on duty and billed on a monthly basis.

For purposes of the tipping fee exemption, household refuse is defined as “refuse generated within a household during normal, day-to-day activities.” It does not include furniture, major appliances, construction or demolition debris, large amounts of yard waste, or any other items that, because of their bulk, weight or composition, the landfill staff determines to be chargeable.

## MEMORANDUM TO COUNCIL

---

---

To: Mayor and City Council Members  
From: Marjie Veeder, City Clerk  
Through: Chris Hladick, Interim City Manager  
Date: June 14, 2022  
Re: Ordinance 2022-08: Amending the fee schedule specifying the fees and charges for services, labor and equipment provided by the City

---

---

**SUMMARY:** Each year City Council reviews the fee schedule specifying the fees and charges for services, labor and equipment provided by the City. Attached for your review are the proposed changes to take effect on July 1, 2022 for FY23.

**PREVIOUS COUNCIL ACTION:** In 1999 Council adopted the fee schedule and each subsequent year has reviewed and approved proposed changes.

**BACKGROUND:** In the past, the City maintained several different fee schedules and at times, fees were established without Council approval. To provide consistency, all fees were incorporated into a single fee schedule for Council adoption. During a recodification of the Unalaska Code of Ordinances, all references to fees were removed from the code and included in the fee schedule, which was then adopted by non-code ordinance.

**DISCUSSION:** No changes are proposed for city-wide General Fees (p. 1), the Clerk's Department (p. 2), Fire/EMS (p. 3) or the Planning Department (p. 10). Several other departments are proposing Fee Schedule changes, summarized as follows:

1. PCR requested one addition to the Library's fee schedule, setting a fee for the new Community Room that will be added during the library renovation project -- \$40 for the first hour and \$25 for additional hours. Use of the Community Room will be free to non-profit, civic, cultural, educational or community groups as long as the meeting is open to the public, free of charge, and doesn't generate revenue. See page 7.
2. The Ports and Harbors section beginning at page 12 has been significantly restructured to be user-friendly. The changes to the overall outline are addressed first and then the details within each section will be outlined.
  - a. The first changes addressed can be considered general housekeeping. The previous Port and Harbor section of the Fee Schedule used Section VI to outline the Fees that applied to all facilities. In the new Fee Schedule, Section VI has been moved to the beginning of the document and is now Section I. Section I leads with a definition section and then addresses fees and charges that apply to all Port and Harbor facilities. All the other sections are in the same order as FY22 Schedule, and are numbered sequentially, starting with Section II through Section VII.
  - b. Ports bases the rate adjustments for fees and charges on the changes indicated by the Consumer Price Index (CPI), which is different and less than the US Inflation Rate currently 8.26%. The CPI indicator shows a 5.8% increase and is

the number used to calculate increases in the FY23 Fee Schedule. There is a 5.8% CPI increase applied to the following: labor rates, towing, vessel operations, meter maintenance, dumpsters, fishing gear, mooring and dockage. The exception is dockage at LCD, which is increased 5.8% for vessels with an LOA of up to 150'. Vessels in excess of 150' will be charged UMC rates.

- c. In Section I, letter I under Facility Security requirements, there is a new rate for an annual administrative fee. This is to cover the time consuming requirements for regular and on-going validation of credentials.
  - d. Emergency Mooring Buoy rates have also been increased by more than 5.8%. This rate structure has been designed to mirror the UMC rates, but is billed on a 24-hour basis rather than a 12-hour basis.
  - e. Lastly, Tom Madsen Airport has been added to our fee structure. This covers some of the minor chargeable services that are not under a formal sublease with the State.
3. Public Safety is proposing a change in the animal licensing fee, charging \$5 if the animal is spayed or neutered and \$25 if the animal is not. The fee increase is to encourage spaying and neutering of pets as this is the best way to prevent overpopulation and euthanization of animals. It is our hope that this small change will contribute to population control efforts and ensure that we maintain a happy and healthy pet population in Unalaska. See page 23.
4. Public Works requests an increase in labor rates from \$85 per hour to \$100 per hour straight time, and corresponding increases to overtime (to \$150 per hour) and double time (to \$200 per hour) to reflect recent 302 Union pay scale increases. See page 24.
5. Public Utilities. DPU's Fee Schedule, starting at page 27, has been updated to reflect rate increases authorized by City Council through Resolutions 2021-26 for the electric, water and solid waste utilities and Resolution 2021-35 for the wastewater utility, as well as increased labor charges authorized by the recent Collective Bargaining Agreement between the City and the Public Works / Utilities Local 302 Employees.
- a. Electric (p. 27)
    - i. **Schedule I - Fees and Special Charges:** Remove Straight Time, Over Time, and Double Time Labor Charge of \$85, \$128 and \$170 per hour and replace with \$100, \$150 and \$200 per hour respectively for both New Service Connections and Service Call Outs to better reflect rates under the new CBA contract.
  - b. Water (p. 30)
    - i. **Schedule D – Fee for Service Connections:** Remove Straight Time, Over Time, and Double Time Labor Charge of \$85, \$128 and \$170 per hour and replace with \$92.50, \$138.75 and \$185 per hour respectively for Physical Hook-up Fees to better reflect rates under the new CBA contract.
    - ii. **Schedule E – Fees and Special Charges:** Remove Straight Time, Over Time, and Double Time Labor Charge of \$85, \$128, and \$170 per hour and replace with \$92.50, \$138.75 and \$185 per hour respectively for

both Service Call Out and Mainline Inspection Fees to better reflect rates under the new CBA contract.

c. Wastewater (p. 33)

- i. **Schedule B and C:** Typographical errors from last year were corrected in the headings of the rate charts to reflect accurately the effective dates.
- ii. **Schedule D – Fees and Special Charges:** Remove Straight Time, Over Time, and Double Time Labor Charge of \$85, \$128 and \$170 per hour and replace with \$92.50, \$138.75 and \$185 per hour respectively for New Service Connection, Service Callout, and Service Inspection Fees to better reflect rates under the new CBA contract.

d. Solid Waste (p. 36)

- i. **Schedule B – Tipping Fee/Minimum Fee:** Made corrections to the tipping fees for Batteries for FY22 – FY25 to reflect the rate increase adopted in Resolution 2021-26.
- ii. **Schedule F – Fees and Special Charges:** Remove Straight Time, Over Time, and Double Time Labor Charge of \$87.40, \$131.10, and \$174.80 per hour and replaced with \$92.50, \$138.75 and \$185.00 per hour respectively for Labor Charge Out Rates to better reflect rates under the new CBA contract.

**ALTERNATIVES:** Council may choose to adopt the fee schedule as proposed, or not; or may amend the ordinance or the proposed fee schedule.

**FINANCIAL IMPLICATIONS:** Staff does not anticipate significant financial impact, other than has been explained in previous meetings regarding utility rate increases.

**LEGAL:** None.

**STAFF RECOMMENDATION:** Staff recommends adoption of Ordinance 2022-08.

**PROPOSED MOTION:** I move to introduce Ordinance 2022-08 and schedule it for public hearing and second reading on June 28, 2022.

**CITY MANAGER COMMENTS:** I support Staff's recommendation.

**ATTACHMENT:** The FY23 Fee Schedule is attached, showing all proposed changes, with the exception of the Ports & Harbors section. Because the Ports & Harbors section was restructured, a redline version is not provided as it was felt not to be helpful to the reviewer. Please see the "discussion" section above for a description of the changes to this section.
