- 2) The leaser of each annual slip must indicate the vessel name belonging to that entity that will occupy that slip. A leaser may substitute only one vessel owned by the entity per annual payment period for that slip. The request must be submitted in writing and pre-approved by the Harbormaster. If the substitute vessel has a greater LOA, the leaser must pay the prorated difference for mooring.

The leaser may lease a second stall if there are no vessels on the waiting list for the size of the exclusive stall required by their second vessel. These two stalls will be eligible for renewal as long as the vessel remains in good standing with the City.
- 4) A leaser may lease more than two stalls only if there are no vessels on the waiting list for the size of the exclusive stall required by the additional vessel. If an owner or operator leases more than two stalls, each stall following the original two stalls will expire at the conclusion of its annual agreement. Renewal for these stalls will only be approved if there are no other vessels on the waiting list for the size of the exclusive stall required by the vessel. Vessels on the waiting list will be given priority for these stalls.

The total monthly bill for metered commercial services is comprised of the fixed service charge and volume charge components as detailed below:

Metered Commercial				
	Effective 7/1/2021 6.7% Increase	Effective 7/1/2022 6.2% Increase	Effective 7/1/2023 5.9% Increase	Effective 7/1/2024 5.5% Increase
Service Charge Per Month	\$22.26	\$23.65	\$25.03	\$26.42
Volume Charge Per 1,000 Gallons	\$18.97	\$20.16	\$21.34	\$22.52

Monthly billings may be adjusted for a commercial service that consumes more than 50,000 gallons of water per month that is not returned to the sewer system. To obtain an adjustment, the customer must petition the City, separately meter water usage not entering the sewer system, and demonstrate that the separately metered water will not enter the sewer system. Upon review and approval, the City will deduct the volume of separately metered water which is not returned to the sewer system from the total metered consumption prior to calculation of the volume charge each month.

The monthly landfill maintenance fee applies to all metered and non-metered utility locations and any other person or organization that receives landfill services or deposits waste in the landfill. Multi residential unit services will receive maintenance fee charges in accordance with the number of units. This fee is included on each customer’s monthly utility bill. In the event a landfill customer does not receive a utility bill, this fee will be assessed at the landfill and billed on a monthly basis.

SCHEDULE B TIPPING FEE/MINIMUM FEE

The tipping fee applies to all landfill customers other than residential customers depositing their own household refuse and applies to such customers in addition to the landfill maintenance fee in Schedule A above. Such customers will be charged the tipping fee or the minimum fee whichever is greater. If scales are operational at the landfill, the tipping fee will be based on the following rate per ton; otherwise, the rate per cubic yard will apply. Tipping and minimum fees will be assessed at the landfill by the operator on duty and billed on a monthly basis.

For purposes of the tipping fee exemption, household refuse is defined as “refuse generated within a household during normal, day-to-day activities.” It does not include furniture, major appliances, construction or demolition debris, large amounts of yard waste, or any other items that, because of their bulk, weight or composition, the landfill staff determines to be chargeable.

MEMORANDUM TO COUNCIL

To: Mayor and City Council Members
From: Marjie Veeder, City Clerk
Through: William Homka, City Manager
Date: May 23, 2023
Re: Ordinance 2023-05: Amending the fee schedule specifying the fees and charges for services, labor and equipment provided by the City

SUMMARY: Each year City Council reviews the fee schedule specifying the fees and charges for services, labor and equipment provided by the City. Attached for your review are the proposed changes to take effect on July 1, 2023 for FY24.

PREVIOUS COUNCIL ACTION: In 1999 Council adopted the fee schedule and each subsequent year has reviewed and approved proposed changes.

BACKGROUND: In the past, the City maintained several different fee schedules and at times, fees were established without Council approval. To provide consistency, all fees were incorporated into a single fee schedule for Council adoption. During a recodification of the Unalaska Code of Ordinances, all references to fees were removed from the code and included in the fee schedule, which was then adopted by non-code ordinance.

DISCUSSION: No changes are proposed for city-wide General Fees, the Clerk's Department, or the Planning Department. Several departments are proposing Fee Schedule changes, summarized as follows:

1. FIRE/EMS

- a. EMS Class Fees have been updated to match the average cost(s) around Alaska (Interior Region & Southern Region EMS).
 - i. The fees reflect trying to balance materials cost and salaries for instructors.
 - ii. The EMS fees are only charged to those students who choose not to be active volunteers within the fire department (example: a person who needs the certification as a requirement of employment at another employer in town).
- b. Fire Class Fees have been added as it has not existed on our fee schedule in the past.
 - i. The fees reflect trying to balance materials cost and salaries for instructors.
 - ii. The Fire fees are only charged to those students who choose not to be active volunteers within the fire department (example: a person who needs the certification as a requirement of employment at another employer in town).

- c. Ambulance Fees have been adjusted to meet the average for Medicare allowable for 2023.
 - i. Although we have a small population of Medicare, commercial insurance companies generally use this as a benchmark.
 - ii. Attached is a spread sheet of other Alaska EMS providers that shows we are well below the average.
 - iii. Increases are necessary to balance out the rising costs of medication and medical equipment.
 - iv. The last fee revision occurred in 2020.
- d. Facility Rental has been added as it has not existed on our fee schedule in the past.
 - i. We often get requests from community businesses to use the classroom, however we haven't had a clear pathway for billing due to this service not being listed on our fee schedule in the past.
 - ii. We don't often rent out the apparatus bay at Station 2, but when the requests arise, it is good to again have that clear pathway back to our fee schedule.

2. PCR

- a. Corporate User Fees: An unlimited corporate user pass was added. This pass was created to make it easier for mass users to not have to keep track of their available passes. We looked at the mass user data from 2018-2019 and 2022. We then took the average number of uses and created this pass. We believe this will be a more convenient option.
- b. Facility & Room Rental: The paragraph regarding general information for facility room and room rentals was rewritten and reorganized for clarity, and to clearly indicate which entities enjoy free facility and room rentals.

3. PORTS AND HARBORS

- a. Rates related to or that include Labor Rates were increased 12% based on the labor rate increase from the new Inland Boatman Union collective bargaining agreement.
- b. The other rate increases are at 7% as an adjustment to inflation except noted below:
 - i. Section I
 - 1. Paragraph F) 4) Misuse of Dumpster – flat \$50 increase.
 - 2. Paragraph L) 1) Storage Daily Rate – increase \$0.01 (7% increase rounds down to \$0.05).
 - ii. Section VI Emergency Mooring Buoy: This is for emergency use only – very rarely do mariners inquire to use this. No Increase.

iii. Section VII

1. Paragraph C created to separate ATM/Vending from the subsection for Wall Display Space.
2. Current contracted price for square foot at the Airport is \$7.92. An increase of 7% makes the new rate of \$8.47.
3. Recognizing that vending machines with electric refrigeration systems require more electric, there is an additional electricity charge.
4. ATM will be charged a \$100 flat rate plus the transaction fee.
5. Paragraph D is the final addition. "Fixture Location" is to be used as an addition to the Airport Terminal building for items such as a tarmac side key lock box for charter services that wish to have terminal access.

4. PUBLIC SAFETY

- a. Edited the Towing Service to match the Towing Service fee charged by the Department of Public Works.

5. PUBLIC WOKS/PUBLIC UTILITIES

- a. Added a section for towing services to indicate the actual cost of the towing service plus a 15% administrative fee. If city equipment and labor is used, the fees for those items will be charged, as set out in the Fee Schedule.
- b. Added a section for Hazardous Material Cleanup to reflect the actual cost of the vendor, plus 15%. City labor and equipment will not be utilized for this type of work.

6. PUBLIC UTILITIES

- a. No changes in Electric or Water.
- b. Wastewater and Solid Waste: rates for past fiscal years were removed.
- c. The only rate change requested is in Solid Waste for disposing of an appliance with refrigerant. The utility purchased a refrigerant recovery tool last year so that the service could be performed in-house, lowering the cost to customers. We believe that if the fee to dispose of an appliance containing refrigerant is too high, people would just vent the refrigerant prior to dropping off the appliance, rather than properly disposing of the refrigerant. The FY24 price was lowered from \$133.97 to \$75.00, and FY25 was lowered from \$142.81 to \$75.00. \$75.00 is about as low as we can go, that is the flat rate scrap metal fee, with the refrigerant recovery portion waived.

ALTERNATIVES: Council may choose to adopt the fee schedule as proposed, or not; or may amend the ordinance or the proposed fee schedule.

FINANCIAL IMPLICATIONS: Staff does not anticipate significant financial impact.

LEGAL: None.

STAFF RECOMMENDATION: Staff recommends adoption of Ordinance 2023-05.

PROPOSED MOTION: First reading: I move to introduce Ordinance 2023-05 and schedule it for public hearing and second reading on June 13, 2023. Second reading: I move to adopt Ordinance 2023-05.

CITY MANAGER COMMENTS: I support Staff's recommendation.
