Grant Request Information

5. Is your business considered essential or non-essential?

Essential

6. What is the grant amount you are requesting?

190000

7. Supporting Documents

2019 PROFIT LOSS STATEMENT.pdf

8. What was your business's gross income in 2019?

833777.45

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

On March 18th, 2020, the Airport Restaurant was one of the few businesses in the city of Unalaska ordered to shutdown. Although, Airport Restaurant was still permitted to do take-out orders, the volume of sales dropped dramatically. Since reopening, business has been not been up to par and on a daily basis, the breakeven point is often not reached. With limited foot traffic from the airline shut-down, as well as fisherman and transient workers hunkering down, business will be affected for the unforeseeable future. If CARES Act grant funding is rewarded to the Airport Restaurant, it will be applied to rent/utilities (if relief is not provided from the landlord or other avenues), to cover business expenses of outdated and spoiled inventory (kegs, beers) due to the decrease in business from the shutdown, quarterly taxes, and expenses related to employee PPE and sanitation supplies to ensure safety of patrons and employees.

10. How many full-time equivalent (FTE) employees does your business have in Unalaska?

8

11. Is your business a publicly traded corporation or owned by one?

No

12. Does your business have a City lien or is it in violation of a payment agreement with the City?

No

13. Do you understand that an award from the City of Unalaska may affect your eligibility for a grant through the AK CARES Small Business Directed Grant Program, as well as others?

Yes

182536.39

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

I would like to submit this Unalaska CARES Act Business Grant application for Aleutian Biological Services. Aleutian Biological Services (ABS - Est. 1997) provides mobile drug and alcohol screening services for Unalaska and the fishing industry. ABS prides itself in the ability to provide a mobile service that follows health and safety precautions requested by Federal/State and local City mandates regarding Covid-19. During the COVID 19 pandemic there has been a 60% decrease in request for drug and alcohol screening services from the Fishing Industry. This 60% decrease was noticed during the middle to the end of the 1st Quarter and now more noticeable during the entire 2nd Quarter 2020. Awarded funding will allow Aleutian Biological Services to continue providing drug and alcohol screening services for our region.

10. How many full-time equivalent (FTE) employees does your business have in Unalaska?

ALEUTIAN_EXCURSIONS_DIRECTORY_LISTING.pdf

8. What was your business's gross income in 2019?

0

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

Aleutian Excursions LLC is an Unalaska based tourism and excursion business that my wife and I started organizing in 2019 for the Summer 2020 tourism season. We operate a 12-passenger van and 18' skiff for van tours and harbor tours/sightseeing in Unalaska Bay. Assuming a 20 boat cruise ship season in Unalaska, we had projected successfully operating tours on 10 of those days due to weather or boat cancellations. At \$150/person for a van tour, 2 tours a day, 10 people per tour, we had estimated gross receipts at \$3,000 per cruise ship day. This would be a seasonal total of \$30,000 in gross receipts specifically for the van tour portion of this business on cruise ship days only.

10. How many full-time equivalent (FTE) employees does your business have in Unalaska?

8. What was your business's gross income in 2019?

673066.05

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

State and local mandates caused us to stop all massage therapy from 3/25 to 5/4, offer chiropractic to severe pain patients only, and physical therapy via telemedicine. This allowed local clinics to be able to focus on those patients that were sick and preparing to treat COVID positive patients. The community was also under a stay at home order during most of April further limiting the ability to come for treatment as many stayed home as long as they could until the pain got too bad then came in, this caused a loss of \$15k from March-May. The massage therapists due to these mandates were forced to seek unemployment as they were unable to practice until their licensing board allowed them back to work 4/20 for severe pain patients and 5/4 for all patients. Now that we are able to resume treatment in person, precautionary measures must be taken and everyone is required to wear a mask provided if needed, wash hands, COVID screen, temperatures taken, all surfaces sanitized, inc ventilation.

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

Bering Shai Marine is a barge landing/outside storage facility on 12 acres of water front property. We supply storage space for local company's as well as contractors within the Aleutians. Last year, we provided equipment serves and a large storage area for Environmental company's, who primarily delivered and stored WWII debris from out laying islands, which were US Army Cor of Engineering (USACE) projects. However, this years projects have been cut back due to this pandemic, severally reducing our revenue.

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

Our work load is down with the isolation. We usually hire 6-10 operators for our seasonal rock crushing operation, from off island. These Operators are not willing to travel during the pandemic, which has severally reduced our ability to provide services, along with the cost of flight service. In addition, we have not been able to get our Blaster into Unalaska to provide a rock source which we need to produce rock products to the community and contractors. They would then have to quarantine for 2 weeks on payroll time, making it to costly.

Prices of sablefish have plummeted, lost our tender contract with processor due to price of salmon and cost cutting measures by them. Initial loss of revenue from tender contract is \$160,000, and unknown from harvest of sablefish as we haven't gone fishing yet. I'm currently unable to provide our company 2019 tax return or documents as we are in the process of completing our taxes with our CPA, and have provided Business Plan and Explanation of Losses.

5. Is your business considered essential or non-essential?

Essential

6. What is the grant amount you are requesting?

100000

7. Supporting Documents

Copy of Hospitality IS 2019 (002).xlsx

8. What was your business's gross income in 2019?

4180358

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

We bring in roughly \$315K a month in room revenue from April-May during an average year from business-related travel. This year we are averaging \$70K per month. This is a decrease of more than 77%, which has impacted our operation negatively. Despite this we have been able to continue feeding, housing and scheduling our FT employees.

8. What was your business's gross income in 2019?

25000

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

Being a sole business owner/self-employed of J & J Boutique General Merchandising and Video Rentals since 2005. When the pandemic started sometime in March 2020, my business hit with a tremendous loss. Shipments of goods that usually arrived regularly were not coming in as usual and it gotten worse. Factories who sends videos on a weekly basis stopped due to lack of distribution so video rental declined. Inventories are getting low, my store is getting empty, supply vendors are closing temporarily and shipping slowed down due to travel bans. If my store is empty and not enough supply, no sales to be earned. Regular customers are doing social distancing and or self-isolation so no one is coming to the store to buy goods and to avoid getting impacted by the COVID19. I don't sell fresh goods, mostly can goods and mostly oriental frozen foods. Paper Application - See Attachment for continued narrative.

8. What was your business's gross income in 2019?

1778928.65

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

The Norwegian Rat Saloon was mandated to shut down as a non-essential business except for take out food. The Norwegian Rat Saloons primary business is selling alcohol. Due to the shut down The Norwegian Rat Saloon had a loss of 52.5% in revenue from March 18th to June 15th as shown in the sales tax report included. resulting in an actual loss to date of \$ 206,268.23. It is very hard to estimate the loss going forward because The Norwegian Rat Saloon is now open but is not receiving the normal amount of foot traffic resulting in less revenue. This loss of foot traffic is expected to continue as individuals are not allowed off their boats and the general public are not frequenting establishments as they would be if their was not a pandemic. If that percentage of loss carries out through the end of the year the Norwegian Rat Saloon will have a total annual loss of \$933,937.55 as shown by the income on 2019 sales tax report included and Multiplying it by the 52.5% projected loss.

Resolve Alaska Holdings, Inc

AW McAfee, General Manager

Amount Requested	\$25,000.00
2019 Gross Income	\$4,231,481.00

2019 Daily Rate	81 Days	33%	50%
\$11,593.10	\$939,040.99	\$309,883.53	\$469,520.49

Questions:

1. Spoke with a representative and suggested they consider applying to the State program for reimbursement. Also suggested Resolve speak with their Chamber of Commerce in their headquarters community to seek guidance for reimbursement on a nationwide scale.
2. Application appears to convey Resolve wants to apply in each community they are located. Accepting local CARES Act money may disqualify Resolve from applying for other federal resources.
3. The request is well under the average daily rate for the mandate time period.

8. What was your business's gross income in 2019?

4231481

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

Resolve has been designated an essential business because the shipyard provides a very important function, supporting the repair of the fishing fleets in Dutch Harbor and the Bering Sea. Resolve is also the only Emergency Response company to assist USCG and fishing fleet with tug rescue in the area. With the virus, the Company has had to continue to rotate in/out qualified shipwrights, fitters, welders, and mechanics, and vessel crew from the lower 48. All these individuals have gone through, and continue to go through the 14 day quarantine procedures set by the State of Alaska. All these expenses, along with some additional PPE (specifically for the Covid-virus), were unanticipated. The Company also employs local Unalaska citizens to manage the business and has provided those individuals a continuous income stream throughout this pandemic. Even though Magone Marine was purchased by Resolve marine five years ago, it remains an integral, local, part of the Unalaska community.

8. What was your business's gross income in 2019?

0

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

Runs Silent runs Deep LLC is a new, seasonal charter boat business which plans on providing cruise ship passengers day trips locally on the vessel Serious Freedom with former Deadliest Catch Captain Rick Fehst. In addition, charters for local residents and visitors were planned for June-September 2020. A permanent moorage was planned in Dutch Harbor. However, we are unable to deliver the boat to Alaska as scheduled this May. Canadian waters have been closed to public transit. Cruise ships have cancelled. This represents a loss of income for Captain Rick Fehst, who averages a daily rate of approximately \$500.00 per day. It also represents an increased moorage cost in the state of Washington where she remains until Canadian waters open to public transit. The non-local mooring expenses are not being claimed from this program at this time.

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

The Pirate Chef Co. is in its third year of operation in Unalaska. Each year we continue to grow and expand our services and business capacity. We have been unable to operate due mainly to the lack of access to a certified kitchen while shutdowns have occurred during Covid-19. At this time we have and will lose 100% of our expected revenue for the 2020 calendar year. We are currently reassessing our services and making a plan to re open that will include minimum contact food services and virtual classes through online portals. The Pirate Chef Co. greatly appreciates the safety measures taken to keep Unalaskans safe. We support the decisions made by City Council and City Leadership. Thank you for your diligent work. We look forward to serving you soon and reopening our business operations in the safest manner possible.

8. What was your business's gross income in 2019?

1624

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

In 2019 Unalaska Brewing Company began sales in Unalaska at Heart of the Aleutians, and Aleutian Arts Council craft fair selling beverages and logo items/apparel. 2020 plan was to participate in PCR events such as Makers Markets and Heart of the Aleutians Festival. We were prepared to attend smaller sales events hosted at the senior center and any other craft fairs throughout the summer. We also have organized a position for cruise ship days. All of these events have been cancelled, as are future events, due to mandates related to Covid19 response. August's Heart of the Aleutians and November's Aleutian Arts Council craft fair allowed earnings of ~\$500 and \$300. Assumptions must be made. Expected 2020 events were never scheduled due to the pandemic, and UBC was not up and running to attend spring and early summer events of 2019. Assuming sales of 300/event, 2 @ PCR, 1 senior center, and 2 ship arrivals cancelled up to today, totals 1500. Considering as many future cancellations is 3000.

9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

I've been in this business and sole owner of Immigration Consulting Services since 2005. I assist fishing industries employees/cannery workers and some local citizens regarding immigration processing from petitioning families, applying for green card, citizenship, passport, child support, divorce, social security applications, PFD application and filing their taxes during tax season. Since the COVID-19 pandemic started in late February to date, my small business suffered because of the following: - Due to the social distancing, I cannot accept lots of people in my office all at the same time, they can only visit the office by appointment only. - Since majority of my clients are from the fishing industry/cannery workers, most of them lost their job and cannot afford to pay the fees so they try to do it themselves ore decided not to do it at all. 9. Please explain how your business has been impacted, or will be impacted, by COVID-19.

My business was affected by Covid-19 by loss of revenue and being forced to shut down. Sales were so low once the community risk was upgraded to "high-risk" that I was not making any money. I was forced to shut down because I'm a single mother and I no longer had anyone for child care. My business was hit with the impact of covid-19 when my sales usually start to recover from slower winter months. The months with the highest revenue are spring thru fall and I depend on those months to carry me thru the slower seasons, if I'm not able to count on that revenue it will be a great challenge for Willow Bean Coffee in the future.
