MEMORANDUM TO COUNCIL

To: Mayor and City Council Members
From: Erin Reinders, City Manager
Date: September 14, 2021
Re: Resolution 2021-61: Setting out community wide COVID-19 protective measures

SUMMARY: This resolution was developed based on past Council action. We are currently at the local Moderate Risk level. This resolution is set to expire on September 29, 2021, and focuses on requiring face coverings.

PREVIOUS COUNCIL ACTION: Since originally declaring a local state of emergency in March of 2020, now extended to December 31, 2021, City Council has responded to the local situation in the form of Resolutions setting out community wide protective measures.

BACKGROUND: Pursuant to HB 76 and the Department of Health and Human Services COVID-19 Declaration of Public Health Emergency dated April 30, 2021, the State continues to assist with testing, vaccinations, contact tracing, and taking other limited, necessary actions. The State has issued four health advisories, listed below, addressing general safety, travel and critical infrastructure, with appendices focusing on the seafood industry.

Health Advisory 1 – Recommendations to Keep Alaskans Safe – Addresses the safety measures Alaskans can take to mitigate the spread of COVID-19.

Health Advisory 2 – International and Interstate Travel – Other than prohibiting persons who are currently positive with COVID-19, the State no longer has entry or travel testing requirements. The existing airport testing infrastructure will remain in place to protect Alaskans and visitors alike, but testing is voluntary.

Health Advisory 3 – Intrastate Travel – Like Health Advisory 2, the State’s guidance regarding intrastate travel was modified April 26. It continues to permit local travel restrictions, and outlines expectations of communities for allowing travel of Critical Infrastructure personnel, as well as for community members and those traveling for critical personal needs.

Health Advisory 4 – Critical Infrastructure – The advisory provides clear guidance for Critical Infrastructure businesses operating in Alaska to protect both communities and industries. There are appendices for Seafood Processing Workers; Independent Commercial Fishing Vessels; and Independent Commercial Harvesters.

On September 1, 2021, Unified Command finalized the update to Unalaska’s COVID-19 Emergency Response Plan. Changes were necessary due to the wide availability of vaccines for COVID-19 and new information learned about the virus. There are now four levels outlining thresholds of risk associated with overwhelming medical facilities: Low, Moderate, Substantial and High Risk. Once the risk level is elevated, it will remain for two weeks, at which point the level will be reassessed. The Response Plan also identifies recommended protective measures associated with each risk level. The general purpose of the plan is to provide guidance to

individuals for their personal decision making; to organizations as they make operational decisions; and to the City Council as it considers Community Wide Protective Measures.

Based on the current number of active cases on September 8, 2021, the community is at Moderate Risk under the new Response Plan. Moderate Risk is defined as moderate levels of COVID-19 cases present in the community. Generally, this is defined as 10 - 19 cases, which are community acquired, travel acquired, and/or household acquired, with consideration for the inclusion of industry-related cases that are a part of the community or who have traveled commercially and test positive upon arrival.

DISCUSSION: In accordance with the COVID-19 Emergency Response Plan developed early on in this pandemic, and recently updated, this is the time where Council might consider measures to further limit contact with individuals outside of households in order to limit community spread.

Resolution 2021- 61 is set expire September 29, 2021 and will be revisited at the Council Meeting on September 28, 2021. This date coincides with a regularly scheduled City Council meeting. The key sections of the Resolution are outlined below.

- **State Health Advisories** - *This section remains unchanged from last week.* Everyone in the City is encouraged to follow the State's Health Advisories. This is not mandated locally.
- **Face Coverings Requirement** – *The COVID-19 Emergency Response Plan encourages face coverings in the Moderate Risk level, but Council chose to keep this mandatory in the current resolution. This section remains unchanged from Council's resolution approved last week.* Customers and visitors of businesses and organizations are required to wear a covering over their nose and mouth. Additionally, employees or volunteers of businesses and organizations are required to wear a face covering when interacting with customers or visitors and when working with each other and unable to physically distance. The Resolution details the situations where a face covering is required and the limited exemptions.
- **Marine Tourism** - *This section remains unchanged from last week.* This section provides guidance for those traveling for non-essential purposes on the state ferry, cruise ships or private vessels and clarifies that local safety protocols in this resolution apply.

If the risk level changes prior to the Council meeting, other measures may be appropriate. If it is increased to High, the Response Plan recommends requiring limits to indoor public gathering and to building capacity.

ALTERNATIVES: Council may choose to approve, amend or disapprove this resolution. The decisions on what is contained in the resolutions addressing community wide protective measures, including the expiration date, are ultimately policy decisions made by Council.

FINANCIAL IMPLICATIONS: Unknown at this time.

LEGAL: This resolution's subject matter, like all the other public health measures that Council has considered during this pandemic, was drafted in close collaboration with Sam Severin, one of our City Attorneys.

STAFF RECOMMENDATION: The City Manager recommends approval of the form of this resolution, as it has been developed based on past Council discussions, consultation with local

health officials, our attorney, and with the guidance outlined in our COVID-19 Emergency Response Plan. Council may wish to alter some of the details based on further discussion.

PROPOSED MOTION: I move to adopt Resolution 2021-61.
